

Think outside the box

Integral bracket

Single clip

Embossed cross

Easy identification

Tamper seal

Laser etching

aura³

The new Aura3 box is the latest evolution of our flagship design that has been a firm favourite for years.

SUSTAINABLE Now made from 100% recycled and recyclable plastic. Kit information is laser etched directly onto the box, so no labelling required - helping to reduce our carbon footprint.

CONVENIENT The single clip closure enables quicker access with one hand in an emergency. Features an integral bracket for secure wall fixing and easy portability. The new design includes a tamper seal tucked neatly under the handle. Contents can be visually monitored by Health and Safety managers in an instant.

OUTSTANDING Aura3 stands out from a distance, enabling quick identification in an emergency, especially in a busy workplace. Embossed and printed iconography help with easy identification across all languages.

Better for the workplace, better for the planet.
